**Monsieur le Secrétaire Général du Ministère des
Affaires Etrangères et de la Coopération
- OUAGADOUGOU -**

Objet : Agri-Net

Réf : **P00-0109** /JICA/2020/BF

Monsieur le Secrétaire Général,

Dans le cadre de l'exécution du programme de l'Aide Publique au Développement du gouvernement du Japon au titre de l'année fiscale 2020-2021, l'Agence Japonaise de Coopération Internationale (JICA) a proposé au gouvernement du Burkina Faso un programme de formation de long terme intitulé « Agriculture Studies Networks for Food Security (Agri-Net) ».

L'objectif de cette formation vise à éliminer la faim (atteindre la sécurité alimentaire, améliorer la nutrition, et promouvoir une agriculture durable). Cela exigera des politiques agricoles adéquates et l'introduction de technologies appropriées pour une production alimentaire stable.

Les candidats sont ceux qui remplissent toutes les conditions suivantes :

- Appartenir à des organisations gouvernementales, à des universités et à des centres de recherche, ou à des organismes connexes du secteur privé ;
- S'engager dans des domaines liés à la politique agricole et de développement rural, à la production agricole durable, à la santé, au développement des ressources marines et de la pêche, à la chaîne de valeur alimentaire ou à la conservation de la nature;
- Souhaiter contribuer au développement de son propre pays en cultivant un réseau solide avec le Japon ;

Les demandeurs du secteur privé devraient provenir du domaine lié à la politique agricole et de développement rural, à la production agricole durable, à One Health, à la mise en valeur des ressources marines et des pêches, à la chaîne de valeur alimentaire et à la conservation de la nature.

Les autres critères et conditions, ainsi que le dossier de candidature sont décrits dans la brochure officielle d'informations générales jointe en annexe à la présente lettre. Il est souhaitable que chaque candidat prenne connaissance des instructions et recommandations qui y sont mentionnées.

.../...

Chaque dossier de candidature devra comporter :

- Le formulaire de candidature dûment rempli,
- Le diplôme de premier cycle certifié,
- Un relevé de notes,
- Une copie du passeport valide mentionnant la nationalité, le nom, le sexe et la date de naissance. Une copie de la carte d'identité nationale ou un extrait de naissance pourrait être acceptée en cas de non possession du passeport,
- Deux (02) photos d'identité (4cmx3cm) à coller sur l'original et la copie du formulaire,
- Un certificat de visite médicale à fournir après la seconde sélection.

Conformément à la description contenue dans la brochure officielle d'information générale, les frais d'hébergement, frais de voyage, frais médicaux, et frais de formation au Japon seront pris en charge par la JICA.

Je vous prie de bien vouloir prendre toutes dispositions pour que les dossiers de candidature, dûment remplis conformément à la brochure officielle d'information générale ci-jointe, parviennent à la JICA au plus tard le **24 septembre 2020**.

Les candidats désirant plus d'informations pourront prendre attache avec le bureau local de la JICA sis à la Zone Zaca, tél : 25 33 06 68 à 71.

L'Agence Japonaise de Coopération Internationale (JICA) vous remercie de votre aimable coopération et saisit cette occasion pour vous renouveler, Monsieur le Secrétaire Général, l'assurance de sa considération distinguée.

- *The reasons for disqualification on each selection procedure will NOT BE DISCLOSED.

There are mainly following three selection processes: (A) 1st Selection by JICA in each country, and (B) 2nd Selection by Japanese universities (entrance examination).

(A) 1st Selection: Selection by JICA in each country

[Necessary Actions for Applicants for this selection]

Each applicant needs to submit JICA's Application Documents by the deadline set by JICA

office in the applicants' country.

Period	Not later than Monday, 5 th October 2020
Contents	Screening of submitted JICA's Application Documents Applicant may be requested to be interviewed.
Objectives	To check qualifications and requirements of each applicant. To check applicants' understanding of the program objectives and working experiences/educational background in the context of the "Eligible Participants" (shown in the section 2.). To check applicants' capability of contributing to the achievement of the course objectives addressing his/her country's development challenges after the program.
Result	Applicants who pass this selection can proceed to the 2nd Selection. JICA will inform of these applicants of the result of the 1 st Selection, and the applicants need to check and prepare university's application documents and submit them directly to the university. Applicants' information will be informed from JICA to Universities so that the universities can recognize them as certified JICA Agri-Net program applicants, distinguishing from other normal applicants. Some supervisors may contact applicants to inquire about your research during this period before entrance examination.

(B) 2nd Selection: Entrance Examination by Japanese universities

[Necessary Actions for Applicants for this selection]

Each applicant needs to check necessary application documents set by the university where he/she applies. Then, he/she needs to submit university's application documents directly to the university by the deadline set by the university. It is ALL the applicant's responsibility to duly submit required documents to the university by its deadline. JICA will NOT intervene in this process. Some universities require sending hard copies of documents to Japan.

During this selection process, each applicant may be interviewed (ex. by using Skype) depending on university's selection process.

Fee for entrance examinations are paid directly to each university by JICA.

Period	November – December 2020 (approximately)
Contents	Screening of submitted university's application documents and interviews by Japanese universities
Objectives	To select the final candidates
Venue	If necessary, using Skype or other means for interviews
Selection	Universities will ask some questions through submitted university's application documents and interviews, and etc.
Result	The applicants who pass this selection (and JICA adjustment if necessary) will be selected as successful candidates of the program.

Note: JICA may adjust the number of candidates after the 2nd Selection. Therefore, some of the applicants who pass the 2nd Selection may not be selected as successful candidates of the program.

(1) Withdraw of the Application

If applicants encounter the situation that needs to withdraw the application by force majeure during the selection process, the applicants need to contact with JICA office and explain the situation as soon as possible.

(2) Research Student

As a result of the entrance examination, if the university judges the applicant that they need more time to enter the University as a regular student, university may request an applicant to enter the university as a research student for a period of six (6) months at longest. This period is additional and not counted as a part of regular course of Master's or Doctor's program. Research students are requested to stay in Japan and study hard to utilize their time to prepare for the entrance examination. Research students are able to join lectures, receive instruction from professors and make use of university facilities but they cannot acquire credits for obtaining the degree.

Participants as research students are requested to take the entrance examinations during the period of research students. If failed, they have to return to their home country (Agri-Net program ends at that moment). Normally, participants as research students will start their stay in Japan from 2021 Spring if required for 6 months of research student. Their period as regular students, if they passed the entrance examination, will start from September 2021.

Before application, the applicant should take into account the possibility of additional period as research students and should be approved by the belonging organization. **Applicants' availability as research student and approval from his/her organization should be expressed in the Application Documents (Annex 1 and p.4 of AF).**

Necessary living cost during the period as research students will be paid by JICA following JICA's regulation.

Note:

- Some university requires applicants to enter the university as research students regardless of applicants' ability (See the details for Appendix 1 university list).
- Due to the pandemic of COVID-19, successful applicants may not be able to come to Japan on March 2021, and have to postpone coming to Japan until necessary conditions are met. In such cases, JICA will explain the situation and procedure to each applicants who pass the 2nd Selection.

(Current conditions of the sector; Government's development policy for the sector; Issues and problems to be solved, Existing development activities in the sector; the Project's priority in the National Development Plan / Public Investment Program, etc.

Le projet «mise en place d'un modèle de promotion des cultures par l'utilisation du phosphate naturel du Burkina Faso» est un important projet pour le développement de l'agriculture au Burkina Faso. Il répond aux attentes du Plan National de Développement Economique et Social (PNDES) à l'horizon 2020 (Axe 3 : dynamiser les secteurs porteurs pour l'économie et les emplois) et du Programme National du Secteur Rural, phase 2 (PNSR II) (Axe 1 : sécurité alimentaire et nutritionnelle, la résilience des populations vulnérables).

7. Outline of the T/C

1 Overall Goal

(Long-term objective)

Contribuer à l'amélioration de la productivité agricole afin d'assurer une sécurité alimentaire et nutritionnelle au Burkina Faso et lutter contre la pauvreté des producteurs agricoles

(2) T/CJ Purpose

(Objective expected to be achieved by the end of the project period. Elaborate with quantitative indicator if possible)

- (1) Des engrais composés localement en utilisant des phosphates naturels du Burkina Faso sont développés.**
- (2) Une méthode adaptée d'utilisation des nouveaux engrais NPK par les agriculteurs est élaborée.**
- (3) Les fiches techniques sur les méthodes d'application directe des phosphates naturels sont validées par le Centre National de la Recherche Scientifique et Technologique (CNRST).**
- (4) Des stratégies efficaces d'utilisation des phosphates naturels sont élaborées**

8. Implementation Schedule

9. Description of an Implementing Agency

(Budget allocated to the Agency, Number of Staff of the Agency, Department/division in charge of the TIC, etc.)

L'Institut de l'Environnement et de Recherches agricoles (INERA) est la structure du Centre National de la Recherche Scientifique et Technologique, spécialisée en recherches dans les domaines de l'environnement et de l'agriculture.

Dans le domaine de la recherche, l'INERA s'attèlera à générer des connaissances et des innovations technologiques et à entreprendre toutes études et recherches pouvant contribuer à :

- 1. améliorer les productions végétales, animales, forestières, fauniques et halieutiques intéressant l'économie nationale ;**
- 2. promouvoir la protection, la sauvegarde et la gestion rationnelle des ressources naturelles et de l'espace rural ;**

3. effectuer des expertises scientifiques dans son champ de compétences ; produire des ouvrages scientifiques ;
4. protéger les résultats, inventions et innovations offrant un potentiel économique ;
5. exploiter des brevets, licences et certificats d'obtention végétale.

L'INERA compte environ 400 agents. Le département Gestion des Ressources Naturelles et Systèmes de Production chargé de la mise en œuvre du projet compte environ 100 chercheurs. Une vingtaine (20) est impliqués dans la mise en œuvre du projet. Le budget alloué par la contrepartie nationale est de 177 870 000 francs CFA et celui de la JICA est de 1 600 830 000 francs CFA.

10. Related Information

(1) Prospects of your plans and actions/Expected funding resources for the Project:

(if implementing agency plans to take some (future) actions in connection with this proposed project, please describe the concrete plans and enter the funding sources for the plans and actions)

Le projet souhaite bénéficier d'une seconde phase avec des ressources financières plus importantes pour permettre l'expérimentation des formules d'engrais dans tout le pays et sur les principales cultures vivrières et maraichères du pays.

(2) Activities in the same sector of other donor agencies, the recipient government and NGO and others:

(Please pay particular attention to the following items)

-Whether you have requested the same project to other donors or not.

-Whether any other donor has already started a similar project in the target area or not.

-Presence/absence of cooperation results or plans by third-countries or international agencies for similar projects.

-In the case that a project/ was conducted in the same field in the past, describe the ground for requesting this project Study}: the present status of the previous project, and the situation regarding the technology transfer.

-Whether there are existing projects/studies regarding this requested / study or not. (Enter the time/period, content and concerned agencies of the existing studies.))

11. Global Issues (*Gender, Poverty, Climate change, etc*)
(*Any relevant information of the project from global issues (gender; poverty, climate change, etc.) perspective.*)

A terme le projet permettra de (i) développer une production agricole stable dans le pays en produisant des engrais phosphatés et des engrais composés efficaces d'origine nationale moins coûteux que ceux importés (ii) de lutter contre le sous emploi et la pauvreté (iii) d'augmenter la résilience des producteurs agricoles (iv) de lutter contre le changement climatique par la promotion de pratiques agricoles responsables:

12. Environmental and Social Considerations

(In case of Technical Cooperation Project (including SATREPS)/Technical Cooperation for Development Planning, please fill in the attached screening format.)

(Note) If JICA considers that environmental and social considerations are required to be T/C, the applicants agree on JICA's information disclosure of the T/C for public hearing in accordance with JICA guidelines for environmental and social considerations as stated in Question 11 of the attached Screening Format

13. Others

La mise en œuvre de projets basés sur la gestion des ressources en eaux en milieu agricole (bassin de collecte d'eau, irrigation, gestion des sols etc.) permettra d'augmenter la production agricole et la résilience des producteurs agricoles face aux aléas des changements climatique
