Objet: Offre de bourse pour un Master à IITM Madras

Monsieur le Ministre,

J'ai l'honneur de vous faire parvenir la lettre No.IEC/IITM/MS/2021 en date du 03 septembre 2021 du Dr. Manoj NARDEOSINGH, Secrétaire Général de l'Organisation Africaine-Asiatique pour le Développement Rural (AARDO) par laquelle il informe que l'AARDO en collaboration avec l'Institut Indien de Technologie de Madras (IITM de Chennai) propose des bourses d'étude de niveau Master audit institut basée à Chennai en Inde.

Le programme de Master de IIT de Madras couvre deux ans en raison de deux semestres par année académique et débutera en janvier 2022. Les demandes de candidatures seront soumises en ligne sur le site internet de l'Institut au plus tard le 31 octobre 2021. Les détails sur les conditions de candidatures qui sont en train d'être finalisées seront disponibles dès que possible.

Veillez agréer **Monsieur le Ministre**, l'expression de ma haute considération

**Sub. : AARDO IIT Madras- Scholarship for Master of Science (MS) by Research in Chennai,
India-Starting January 2022**

Excellency,

I have the honour to inform Your Excellency that, following a recent MoU with the Indian Institute of Technology Madras (IITM), Chennai, Government of India, the African-Asian Rural Development Organization (AARDO), is pleased to provide scholarship opportunities to highly promising and qualified officers/students from member countries to pursue a two years full time Master's Degree Programme at IIT Madras, Chennai, India.

As Your Excellency would be aware the Indian Institute of Technology Madras (IITM), established as an autonomous institute of national importance in 1959 by the Government of India, is reputed internationally for excellence in technical education, basic and applied research and innovation. It is ranked as the No.1 engineering university in India, with well-equipped laboratories, advanced research facilities, sophisticated services and computing & networking capabilities, located in about 225 hectares of natural flora and fauna. IIT Madras conducts various academic programmes of B. Tech., Dual Degree (B. Tech. and M. Tech.), Integrated M.A, M. Tech., M.B.A, M.Sc., M.S. and Ph.D. in various disciplines.

The Master of Science (MS) by Research is a research intensive programme which emphasizes on the use of logical, analytical, experimental and intuitive thinking skills in the pursuit of research. It is a program targeting young officers/students inclined towards research careers, R &D, design and conceptualization. The degree program can be completed within two years-four semesters; (one academic year consists of two semesters). The session will commence from January 2022.

Your Excellency would appreciate that, as IIT Madras strives for excellence and does not compromise in quality, the selection process would be rigid, stringent and rigorous, involving various steps, including written test/interview for final selection apart from good academic background.

The application process would be online through the website of the Institute and the last date of submission of application would be 31st October 2021. Further details, presently being finalized in collaboration with IIT (M) and the full applications process, including application form, would be circulated shortly, within a fortnight.

The scholarship offered under this programme will cover admission, tuition fee and monthly living allowances for the whole period (two years), provided by the IIT Madras, Chennai, India and **cost of two way air tickets** of selected candidates to travel to India and back to their respective countries, sponsored by AARDO.

It is hoped that this Master Degree programme, will be found useful and Excellency's esteemed Government is requested to nominate a qualified officers/students to undertake appropriate research under this Master programme.

Kindly accept, Excellency, the renewed assurances of my highest consideration.

Sincerely,

Dr. Manoj Nardeosingh
Secretary General
